Sukrit Anand

{ Full Stack **Developer** }

SUMMARY

Highly motivated and skilled **Node.js developer** with **3+** of experience building efficient and scalable web applications. Proficient in JavaScript. Strong problem-solving skills and ability to work in a fast-paced environment.

Started off as an Associate Software Developer, and currently have escalated myself as a **Senior Software Developer**. Coming to my work experience. Besides serving the given tasks in the best way possible.

SKILLS

Nodejs, ExpressJs, **JavaScript**, jQuery, HTML, CSS, MongoDB, Twilio, **Angular**, AngularJs, MYSQL, **Cassandra**, **Kafka**, **Prometheus**, PM2.

EXPERIENCE

Quest Global, Bengaluru – SDE-II

JAN 2022 – PRESENT

- Worked on Jio adware projects particularly maintaining JIO ad services across Jio platforms and working towards expanding these services across multiple clients.
- Deployment of micro services and internal communication through **Kafka**, **callbacks** and **webhooks**.
- Developed and performed unit testing scripts with **Junit API** and **Jest** in TDD environments. ~ *JIO Ads*
- Used **Log4JS** to capture the log that includes runtime exceptions, monitored error logs and fixed the problems. ~ *JIO Ads*
- Designed this service so that it can handle 500K downloads a minute and passes them to the **NFS**(Network File Share). ~ *File Download Service*
- REST API's receive events in a GZIP compressed from various JIO sources at a rate of about 1M RPM for event based classifications. ~ *Retargeting JARS*
- Implemented load-balancing with Node JS **clustering** to handle thousands of concurrent requests. ~ *Retargeting JARS*
- Implementation of various KPI metrics, monitoring server and application through **Prometheus** and **Kibana**. ~ *Retargeting JARS*
- Worked on JIO trust Id(JTS) to prepare against cookie doomsday with implementation of a **UUID 2.0** based implementation. ~ *JIO TrustID*

Volumetree Technologies, Panchkula – SDE-II

JAN 2021 – JAN 2022

- Worked towards a new UI (**Angular JS**) for admin as well as user services for swift customer actions and message bookings and billing thus assisting in **45% increase** of traffic through website and excellent response from management team for admin portals easy access ~ *Massago*.
- Worked on multiple **backend** and **frontend** projects by assisting in the creation of projects from scratch or in the maintaining the existing ones for new feature releases.
- With the creation of new UI for customer website and **IOT backend services** better outputs from IOT devices for distance management and locking mechanism thus reducing frauds in terms of bike theft and distance tampering for less charges ~ *Elby Mobility Services*.
- Worked with TATA Sons design and development of biggest Quizzing platform that transformed offline quizzing into 100% online and assisted new UI **AngularJS** and backend services to support a load of **10K concurrent test** takers in record time ~ *TATA Crucible*

Oye Labs, Panchkula – SDE-I

JUL 2020 – JUL 2021

- Built a quality supermarket application which is fast and easily accessible through your mobiles, browsers. ~ *My Trolley*
- Customers could conveniently place orders from a wide range of products, select pickup or delivery time, securely pay bills online and have orders delivered to their doorstep. ~ *My Trolley*
- Built a quality delivery app (**SAAS**) which could integrate with the food and grocery services in a matter of minutes for convenient door step delivery of packages.
- Businesses could integrate the delivery partners with the app through REST API and would be able to track the real time position of delivery partners.

Emicon Advisory Services, Mohali – INTERN

JUL 2019 – JUL 2020

- Interaction with production grade system for frontend and backend services
- Deployment of services on AWS ,running node JS services with PM2, cluster modes.
- Deployment of micro services and internal communication through Kafka, call backs and web hooks
- Creating flawless impactful designs with Angular, React, Angular JS, SCSS, HTML that can influence what customers think of the brand, thus increasing the time he spends on page.

EDUCATION

Chitkara University, Rajpura – B.TECH

AUG 2016 – AUG 2020

AWARDS [2021-2022]

Top partner employee Reliance JIO
